PROFESSIONAL SUMMARY

Dedicated and motivated Computer Engineering student with a strong foundation in software development, web technologies, and problem-solving. Experienced in building web applications, working with modern frameworks, and contributing to real-world projects. Eager to grow my skills, take on new challenges, and contribute to innovative teams in the tech industry.

EDUCATION

2022 – Present

Tishk International University
Bachelor of Computer Engineering (3rd Grade)
Slemani, Iraq

WORK EXPERIENCE

May Agency

2024 – Present

Software & Web Development

- Assisted in the development of web applications and digital solutions.
- Participated in UI/UX design processes and implementation.
- Collaborated with development teams to deliver client-focused projects.

ViewPioneer

2023 – 2024

Software Developer / Technical Contributor

- Participated in software development and system implementation.
- Assisted in database management and application development.
- Worked on project planning, testing, and deployment activities.
- Contributed to creating technical solutions for business requirements.

AI HUB

2025

AI Symposium Volunteer

- Assisted in organizing a large educational symposium focused on AI and the future of education.
- Supported event logistics, attendee management, and operational activities.
- Collaborated with academic professionals, organizers, and participants.

PROJECTS

- Diar Selection E-Commerce (diarselectio.com)
 - QAD Podcast Platform (qadpodcast.netlify.app)
 - Coffee Ordering ERP System
 - Style AI
- Smart Waste Energy (Hardware)
 - Smart Glasses (Hardware)
 - Energy Map (UI/UX)

CERTIFICATES

 (Many more on LinkedIn Learning)

- Web Development (HTML, CSS, JavaScript, React, Node.js, etc.)
- Data Science (Python, Data Analysis, Machine Learning, etc.)
- Cybersecurity (Practical Labs & Fundamentals)
